EXPERIENCE

Teaching IT as an academic teacher at my high school

14th High School in Wrocław

September 2019 - Present Wrocław, Poland

- I give lessons to first-grade students and prepare them to compete in Olympiad in Informatics.

Summer internship at Ten Square Games as back-end developer

Summer of 2019 and 2020 Wrocław, Poland

- I learned the basics of server development, created a command line tool for server testing, build a framework for developing game-testing and quality assuring agents.

Summer project - Rubik's cube solving robot

Summer of 2018 Pawłowiczki, Poland

- I managed to single-handedly build and code the software for a robot that solves the Rubik's cube, you can see it on YouTube here <https://youtu.be/faBFPFGJ2Zs>, also you can check the repository on my Github.

ACHIEVEMENTS

GPA of 5.0 (highest) after the first year at my college

June of 2020 Wrocław, Poland

Laureate of Prime Minister Scholarship, "Szkola orłów" 3 year scholarship and University of Wrocław Chancellor's Scholarship

October of 2019 - Present Wrocław, Poland

Participation in CERC 2019 - The 2019 Central Europe Regional Contest

November of 2019 Prague, Czech Republic

4th place at ICPC CTU Open Contest

October of 2019 Prague, Czech Republic

3rd place laureate in 26th Polish Olympiad in Informatics

April of 2019 Warsaw, Poland

EDUCATION

Pursuing bachelor's degree, University of Wrocław

2019 - 2022 Wrocław, Poland

- I study Computer Science and Mathematics at one of the best Polish universities.

High school graduate

2016 - 2020 Wrocław, Poland

- I studied at 14th High School in Wrocław, 7th best Polish school due to the Perspektywy ranking (the most recognisable Polish high schools ranking).

IT camps and workshops

2016 - 2019 Poland

- I participated in many extracurricular lectures, focused mainly on preparing for competitive programming contests.

INTERESTS

I am hard-working young programmer who loves to learn and develop new skills. My greatest passion is mathematics and computer science. I study Individual Studies in Computer Science and Mathematics, elite course for best students at the University of Wrocław. I currently share my knowledge by teaching at high school I graduated. I also play violin and do magic tricks.
